“ CT has always been very special to us. When Matthew first brought him to meet us. We had a blast. Just sitting around talking sharing crazy stories. Talking about dogs. Tommy and I always loved CT. When Matthew had that terrible accident. CT took Tommy to the hospital. Never left our side. I was in Franklin. CT came by or called or both every day  
Over the years we have had some wonderful talks. When Tommy got sick CT was right cking on him and me. When Tommy passed CT was right thete cking on me. I was Mama T and Tommy was Daddy T.  
CT loved his children. There was no one above them. I know they will miss him so  
CT always thought the world of Matthew Cheek. I always called them my two boys  
I will always miss CT.
