“ *A few memories..My sweet cousin Deb loved to visit with our family and we loved to visit with her. She wrote the kindest notes and had the gift of a Steel trap mind! Her memory was incredible! She loved my Momma, her Aunt Mary, and my mother loved her dearly. She had a liking for my my squash casserole and we both had a love for coffee!! We always ended our phone conversations with I LOVE YOU. Deborah Jo—I love you so much and will miss our phone chats and time spent together. Im so thankful God made us family; that was important to both of us, I know. Fly high with the wings of an angel in your new heavenly body until we meet again—then we'll fly together. ❤️*

*Jan, Mary Alice, Jack, and Toni—I am so sorry for your loss. Your precious sister was a treasure indeed. Much love and many prayers to my cousins as you mourn the loss of Deborah. 🙏❤️*
