“ *Dustin, you are my everything. Always have been. Since the day we met, I knew there was something so special about you and I knew I never wanted to see a day without you. You are the greatest friend, father, and husband that I have ever had the pleasure of meeting, loving, and spending so much time with. I only wish we could have finished out our dreams together. I miss you so much it hurts to wake up and just breathe every day. Our babies just had their first day of school and I know you are so proud of them. We miss and love you to the moon and back and so much more than that. For forever and always, until we meet again, baby, I will always love you more than you will ever know.*
