“ *What I remember most about Uncle Elvis is his laugh and smile, following a "Watcha Doing Jackrabbit". I'd laugh and get warm inside, because I know he's about to say something that he ain't got no business saying. And we would go back and forth talking and laughing for the next hour or 2. I'm gonna miss all the advice and game you put me onto Unc and I love you for it all. You will forever be remembered and loved. Take your rest now Unc and your place in Gods Kingdom.*

“ So suddenly so sad. We had just begin to reunite and now you are gone. I remember you telling me when it gets warm you was gonna take me to see your loving parents. This is very heart breaking and you will truly be missed by many. My family sends their condolences. May God be with your parents and the family because you were truly loved. Your smile and kindness will always be remembered. There were no one like you. Love you my friend but God loved you more.

“ I will miss you saying “I bet you can’t dance like this” and you would shake and snap your fingers. Then laugh so hard! I will miss those sandals. And the many times you would tell me soon as you get your check you was taking care of me because you loved your “Sha-wa” (Shari). Definitely will miss your love, spirit, and smile. 💕💕
