“ I never knew Keith as "Gary". He was Keith to all of us at STEPS House who loved him and appreciated all he gave to the homeless and hurting veterans he worked with. Keith had lived a lot of the same issues and he gave what he knew in his heart to be true to all the unfortunate veterans who came through STEPS House and were willing to accept. Keith had a heart of gold and he lived each day to help someone along the way. There are hundreds of veterans out there who were touched by Keith and not only what he taught them, but how he lived his life, what he showed them. Keith will be missed but his legacy will live forever.

Thank you Keith. I know you worked hard at helping others and now it's time to "go rest high on that mountain." Rest in peace brother, you've earned it.

*Gone from this life but never forgotten,
MJ*
