“ *Eugene was my best friend. He was more than my friend he was like family. So many times has been my voice of reason to talk me down in situations when I didn't have sense enough myself saying hun the more you stir shit the worse it stinks . He is the first time and only person I ever heard the word drawer tail we laughed when we didn't think we had a laugh inside he talked me through changing my fuel pump over the phone he was one who didn't care to tell you how and like it is whether you liked it or not. I am completely devastated but I think God for all the days in years I had to talk with and spend with him he will be forever missed and loved. God bless everyone of his family and take care.*
