“ Oh man, I don't even know where to start... one of the best people ever to have graced us with his existence! This world has lost a special kind of light with this one! He was truly one of a kind(we're both saying thank goodness sarcastically right now) but he would give the only shirt off his back if he held you in that regard. He treated me like a son and we used to joke about him liking me better than his own. Daddy Bones; I love you and I will always miss you and saddened that the world is a bit dimmer now but I'm so glad that you're reunited and happy with momma Janice. Roll Tide! RIP Bones... you deserve it!
