“ To all Helen’s children, your mom was such a wonderful lady with so much class. She was raised that way and lived that way. She loved you all and cared for you deeply. She often reminded me of my mom which I cherished. She left a legacy in and for each of you. Toast to the lady! Rush Bricken

“ Harriet, Mena, Harry and Jim, I learned today that your mother passed away. I remember her so well. Sharon Segroves told me this morning and I shared with her the memories I had being in your house while growing up. She was such a spunky little spirit. I loved her candor and her laughter. The generation of our parents has slipped away and I miss them but treasure the memories that shaped our lives. We, that are still in Tullahoma, often enjoy stories of our younger days with friends that remember them! Remembering your family with love, Ann
