“ You had a heart of gold! In our time together you were always feeding the stray cats and the occasional opossum lol. You always fed the travelers around town and had a few over to clean up and regroup. You were a free spirit who never met a stranger and will be missed in this world.

“ My thoughts and prayers are with the family. So many memories with James just hanging out and cracking up. I remember the day he brought his little girl home from the hospital and they came straight to my house clueless and he was a nervous wreck but he was full of love for that little girl. James had a huge heart and will be missed. Fly high James!

“ I'm so sorry about James Avery, it's always hard to loose a love one. May God see ya ll through this and linger on all them memories. I'm sure glade I ve been talking to him the last month, he helped me understand something about the loss of his cousin, we had reminiscing time talking about his uncle, he was wanting pict and I was in the process of getting some copied. He shared with me how his life had been and how he has been trying to live a better life, and he knew God could help any of us through anything.. I sure will miss that contact from him every now and then. We was talking about him coming this weekend for Shannon's service, I was gonna do what I could if he came, here it is we celebrating his life as well. Loved watching his video of his dog Tobey. Take care everyone love and prayers for all. Till we see him again, atleast he's with family still. ❤️🙏
