“ Jennifer, I have truly missed you at work and will always miss you! Your quick witted responses and personality made me love every moment we got to work together! You were the hardest working woman I've ever worked with even during your first few months of chemo you continued to push yourself to get any job done! I'm so grateful to have known you! I am praying for your sweet mother and brothers!

“ I don't even know where to begin. Jennifer was an amazing person and had such an influence on me and my life. When I had my daughter I thought I want her to be like Jennifer. A ray of sunshine, loving and accepting of Everyone. I've told my daughter many stories about my amazing friend from high school. How kind and accepting she was, fun, smiling, laughing and just grabbing every ounce of joy life had to offer. I will miss her terribly. Honor her by living in her example! Such a wonderful amazing lady! I love you and will miss you always...but your example will live on..with me (as much as I can) and my daughter!
