“ *Growing up I not only had my mom, but I had you too Jo. Your house was my second home. It was our "go to place" on weekends, holidays, and breaks. I remember the countless hours that I would spend hanging out in Andy's room watching t.v. or playing games while you and mom talked. I remember loading up in the car with the floats on top of us headed to Tims Ford State Park to swim for the day and the picnic lunches we would have under the trees. So many good memories that I will always cherish. Thank you for loving me as your own, thank you for the gifts and treats throughout the years. I can still hear that heart warming laugh of yours. I always loved telling you stories and hearing you get tickled. I will miss you more than I can put into words. I love you Jo and always will.*

“ I was so blessed to have you as my friend for over 30 years. I have wonderful memories of so many things we did together with our families. Cookouts, holidays, graduation, weddings and grandbabies. You were so special to my girls and my granddaughter Evalyn. You were her Nannie Jo and she will always know how special you were to her. I will miss your wonderful smile and infectious laughter. You were a wonderful friend and you will be missed so much, but I know you will live in our hearts forever

“ I was so blessed to have Jo as my friend for over 30 years. We met the summer of 1980 and have been close friends since then. I have wonderful memories of holidays, graduations, cookouts, weddings, grandbabies with our families. My girls loved you and thought of you as an aunt and my granddaughter Evalyn loved her Nannie Jo. She will always remember how special you were to her. I will miss your smile and infectious laughter, always enjoyed our talks. I will miss you dearly but know you will live on in our hearts

“ Nanny Jo, you meant the world to me and little Evalyn. You have no idea just how special were to us. Thank you for always being there for us and being the other grandmother in Evalyn's life. She misses you so much as do I. I will always cherish the many memories of us growing up and hanging out at your house on Friday and Saturday nights. All the birthdays, Halloween's and Christmases that you went above and beyond with candy and gifts and lots of fun and love. I will miss your smile, your laugh, our talks but most of all your presence. You were such an angel to me in helping with Ev and she loved all the many days and nights she got to spend with you. I know you will continue to watch over us but I so wish you could have met the new baby and see Ev grow up. I will always keep your memory alive and we will never forget you. I love you.

“ Jo you were my best friend and sister and even though you are not here with all of us today, you will forever be in mine and everyone's heart. You will be greatly missed. I cherish the memories and laughs over the years and our trip to Adam's and going to the beach with them, even when you would have to put me back on track when things got hard. You loved with all your heart deeply and truly. Your grandkids were your whole world as were Bob, Nicky, and Andy plus oh about 20 more kids I could name including mine. I know how much you were looking forward to becoming a great-grandmother but God needed a awesome Nanny in heaven but I know you will be watching over all of us and precious Macy when she gets here. My heart hurts for you but hurts just as much for your family. I can see you and your brother kicked back on the beach now. Also I know you ran straight into your Daddy's arms as soon as you saw him. Even though I have to let you go out of my life right now I will always have you in my heart until we can go to the beach again together. I love you Jo and will miss you more than you know. And I know "Keep on Fighting" Leigh
