“ *So saddened to hear of Judy's extended illness and passing. Judy and I were the only girls in our class from the 1st grade (except for Betty Horner for a few years), to the 8th grade, at St. PAUL'S in Tullahoma. We started in the 1st grade the year St. Paul's opened and finished the 8th grade together, to begin our public school education. Judy was a sweet and kind girl quietly attending classes and was an excellent student, the nuns loved her. Judy enjoyed a wonderfully close family and loving parents. May she now rest in peace with the grace and dignity she displayed in life, and be in the presence of Everlasting grace.*

“ *Oh, Judy, the times we shared in high school, college and many years since. We were together for good, bad, happy and sad; and did we ever have fun!*

Cindi and Betsi, I was just thinking about Judy three days ago. Michael and Christopher, your mom will always be in my heart. We made so many memories together.
