“ Lauren used to come to my house with my grand daughter Cara Slmmons when they were teenagers. She was always so full of life and they kept me laughing with their antics. They were never still and always having fun. I will always have these fond memories of her and want to send my condolences to her family and friends. May the precious memories of her life that you have tucked away in your heart help to sustain all of you during the days ahead. May God bless each and every one of you.
