“ *She wasn't my bio, but she loved me like it, unconditionally. She loved my children like they were all hers, too. She always thought of all of us. I know what family means by this woman. We love you, Nanny and Great Nanny. While I know you are an angel now, I'm going to think of your wings like fairy wings, and know always we hold you with us. I love you, so much.*

“ *Linda I love you like a sister for many years. Rickey and I loved you and I know you're going to take care of him now that your there. I am sad that you left this Earth , but I am glad you're free from the cancer and all the pain you were in. I will cherish the times that we all had when all were healthy and until we meet again I will love you forever!!!!*
