“ McKenna was and always will be one of my best friends. I had the privilege of spending the majority of my childhood with her, and most of the memories that make me the happiest have her in them. I was fortunate enough to know her, and it made me a better person. I love you McKenna, and I hope you never have another moment of sadness, ever again.

“ McKenna had such a beautiful smile and a quiet personality about her. She really started to come out of her shell when she worked with us. Sending so much love and hugs to the family and comfort under his wings.
