“Peggy Sue and I went to high school together and I can remember looking back during graduation ceremony. She smiled at me - we had made it and there we were.

Joe would fly down to the old Berry Field airport from his home in Michigan to be with Peggy, I would accompany Peggy to Nashville to pick up Joe; We had many fun memories from those trips..

She later moved to Michigan where Joe worked an engineer and they were newlyweds. She said they were so happy.

After that time I moved to Tullahoma and she brought Timmy to visit me. He was a very cute little guy at that time; This was before the other children were born. I enjoyed that visit very much and meeting Timmy.

About a year ago,.I came upon some old memorabilia from earlier years and among them was a letter from Peggy and such a treat to be able to read that after all this time.

At some point point before Christmas of last year, we renewed old memories. Before we ended our conversation, she told me that she would never forget me. I sent her a Christmas greeting card with some photos of my paintings and hoped she enjoyed them. Didn't follow up with her but hope that she received my card.

I will also always remember Peggy and may her children take comfort in knowing how much joy she brought to others and her devotion to her church and family.

“ I met Peggy in 1967. She became such a dear ,dear friend. Tim was just a little fellow. Peggy and I both expecting our second baby.. .Mike soon arrived. Later her beautiful Patty...We attended church for a while together. From time to time she would play piano for us. We shopped together. Visited regurally on the phone. She said in a very upset voice one morning as we visited by phone, "Oh no Pat,Elvis has passed". Needless to say, Peggy and I were very shocked. In later years we spent time with our boys at the ball field. ... But the best was yet to be. I called Peggy and said I've decided to go to Beauty School. She decided to go. So we went together. What fun. What work. We finished almost at the same time. She had her own little Salon, as I did. We loved it so much. We went to Beauty shows about one to two times together every year for several years. Though our lives drifted in different directions...I never saw Peggy when she wasn't as sweet as always. She loved her Family so much. I will always cherish my time with her and our friendship. Heavens Bells had have sounded out loudly as my Sweet Friend entered Heavens Gates. I'll see you again Peggy.

“Peggy had a heart of gold. I will never forget all my great times with her coming out to her house to get my hair done. She always spoke about her children and how much she loved them. I enjoyed everytime I got to see her. My Mom thought the world of her also. I think they shared time trying to keep up with their kids. Peggy and I would have such a great time just talking and laughing. She was very kind to me when I loss my Mom. She was a beautiful person with a very kind soul, I know she cared about so many. Peggy and my Momma are catching up and will forever be our Angels above. Tim, Mike and Patty may you treasure all the fun and great memories to help you during this time. Love to you all.
