“ *I started working with my Daddy in his small business in 1981 and shortly thereafter met Bob at Wisco. What an incredible gentleman....I greatly appreciated his encouragement and many years later our software business is a direct result of his calm and cool encouragement. He was a really nice guy I can't imagine he's not in a much better place still encouraging others. The world lost a true prince but his impact on this planet remains. God Speed Bob Luckado!*

“ I was crushed to hear we lost Bob. I was a paper supplier of his company for years. Wisco Envelope was one of my favorite customers because of Bob. Driving from Chattanooga to Tullahoma was not a problem cause I would get to see Bob and Romana. He was always invited to our company golf tournaments. I also remember him talking about his children. And I especially remember him talking about his mother.

It was by chance I found out about this sadness. I'm out of the paper business now and thought I'd look him up to talk. Sadly, my mother recently passed and I wanted to check in on his, because he loved her so.

Bob was a gentleman and a wonderful friend for years. I will miss him.
