“ My thoughts are with you during this time of sorrow. I had the distinct pleasure in working with "TJ" and what a profound impact I learned from him during our collaboration. The many personal stories and similar interests we shared albeit virtual, I wanted to travel to Tennessee and just meet him personally. He was always positive and critical thinking to get the assigned tasks resolved before us. My heart is heavy, because of the light he carried within him to not even once complain about his own situation. TJ, I will never forget the fun talks we shared and the genuine concern you held for others to impart your wisdom, and compassion to find common ground to succeed. I will miss the laughter we shared, but will never forget Thomas Judge (TJ). My sincere condolences to the family.

“ My sincere condolences to the family. I worked with TJ virtually never had the opportunity to meet him in person but he was such a great soul. TJ quickly took me under his wing and would take the time to teach me things I did know. TJ and I worked on different teams and this is something he didn't have to do. TJ had such a great heart and will be missed tremendously. I joined two teams on PCIC just to work with TJ again. Since he had moved to a new team I wanted the chance to work with him again so glad I did. I will cherish our the times we spent laughing during our meetings. May you rest in peace my friend.
