“ *Tim was in my 8th grade class at Robinson Elementary and came to my house during the last days of school with our entire class because I'd broken my leg at our class picnic. He was always so full of energy. My mom said at the time he looked like an angelic kid with his blonde hair and blue eyes. So sorry for your loss.*

“ Tim was one of a kind and I am so sorry about his passing. We went to Banks High School together and his warm , positive personality encompasses everything good about those years for me. He always gave me a hard time about an award I received our senior year .At one of our reunions when his daughter was still young he requested an autograph for her from me because she had seen me in the yearbook. That will go down as the only autograph I've ever given 😊 Rest In Peace my friend, my life is richer for having known you! My prayers are with all the family who are heartbroken at this time. “ Prayers for your family. I worked with Tim for many years and grateful to have called him a friend, not only for myself but my family as well. Was grateful to have reconnected the last few years and enjoyed reminiscing of our children growing up and our love of football even though he knew my blood was orange. Heaven received an angel for sure.
