“ It’s been a little over 3 years since you passed. I still think about you almost every day uncle bub. Selfishly I wish you could be here for all of the milestones I’ve been throughout these years. I graduated highschool, moved out and have my own apartment, and got engaged. He proposed to me on your day of passing. It was a bittersweet day, I moved out that day, and I had gotten engaged. I feel like you were there with me though. I thought of you as a second father. You had been such a big part of my life growing up. I think of you whenever I see anything Alabama related, Budweiser, and diamonds by rhianna lmao. A lot has happened since you passed. I miss you so much. You never truly understand what you have until it’s gone. I wish I could hug you, and drink a beer with you. You helped teaching me how to do math, and count. I hope you can be here in spirit on my wedding day. I’m sending you love and light. I miss you so much uncle bub. -Maddy.
