“ *I only knew Viv from MD Junction but I felt like I had known her in person. All of those from MD Junction I know feel the same way. She was the most passionate and caring person I had ever known. Even though her problems were insurmountable she cared most for everyone else's well being. This kind of person you very rarely get to know in this lifetime she touched the hearts of thousands maybe more. She truly loved everyone without reservation. She never let her disabilities get in her way of reaching out to everyone. I will miss her terribly and feel sad that I will never again see her say "well what are all you peeps up to today come on everyone let's chat" Viv you will be sorely missed but I know you are finally home and everyone up there is thrilled. With much love, Yolanda*

“ *Vivian and I had an inside joke.because of all the Drs and appointments sometimes life got out of control.the joke is because it got so caotic one of us had to be in charge.so when we hit a bump in the road we would ask who was supose to be in charge.i would say, ok Viv its your week ,your in charge and she would say ok Ben its your week*
